

OFFSHORE

ENERGY. COMMITTED.

ANNUAL REPORT 2021

3 GOVERNANCE

Energy Development Corporation S.A.M., in relation to a split pay-out of his remuneration.

Adjustment of remuneration and claw-back

The service contracts with the Management Board members contain an adjustment clause giving discretionary authority to the Supervisory Board to adjust the payment of the STI, if a lack of adjustment would produce an unfair or unintended result as a consequence of extraordinary circumstances during the period in which the performance criteria have been, or should have been achieved. However, the Supervisory Board has determined that upward adjustments will not be considered as part of RP 2018 based on shareholder feedback.

A claw-back provision is included in the services contracts enabling the Company to recover the Value Creation Stake, STI and/or LTI (as granted under RP 2015) on account of incorrect financial data.

Severance Arrangements

The Supervisory Board will determine the appropriate severance payment for Management Board members in accordance with the relevant service contracts and Corporate Governance Code. The current Corporate Governance Code provides that the severance payment will not exceed a sum equivalent to one times annual Base Salary. This also applies in a situation of a change in control.

Loans

SBM Offshore does not grant loans, advance payments or guarantees to its Management Board members.

3.4.2 EXECUTION OF THE MANAGEMENT BOARD REMUNERATION POLICY IN 2021

The Supervisory Board is responsible for ensuring that the remuneration policy is appropriately applied and aligned with the Company's objectives. The remuneration level is determined by the Supervisory Board using a comparison with Dutch and international peer companies, as well as internal pay ratios across the Company.

REFERENCE GROUP

In order to determine a competitive Base Salary level and to monitor total remuneration levels of the Management Board, a reference group of relevant companies in the industry (the 'Reference Group') has been defined. Pay levels of the Management Board members are benchmarked annually to the Reference Group. In the event a position cannot be benchmarked within the Reference Group, the Supervisory Board may benchmark a position to similar companies. In 2021, the Reference Group consisted of:¹²

¹² Due to changes such as bankruptcy and delisting Noble Corporation and Superior Energy Services are no longer part of the reference group. In 2021 the reference group consisted of 12 companies. Under RP 2022, the reference group has changed. Please be referred to the policy text of RP 2022 for details.

Arcadis	IMI	RPS Group
Boskalis	Oceaneering International	Transocean
Fugro	Petrofac	Vopak
Helmerich & Payne	RPC Inc	Wood Group

Also in 2021, the Supervisory Board assessed the Management Board's remuneration in relation to the Reference Group's pay levels, revenue and market capitalization, mostly as part of the preparation of implementing RP 2022.

The final determination of pay levels for the Management Board also took into account various scenario analyses to assess the impact of different performance levels and share price developments on the total remuneration paid.

PAY RATIO

The Supervisory Board also includes internal pay ratios when assessing Management Board pay levels.¹³ Per 2021, the Monitoring Committee of the Dutch Corporate Governance Code has set guidelines regarding the calculation of the internal pay ratio. In line with the guidelines, SBM Offshore has changed the calculation on two items: (i) contractors with an employment for at least 3 months are now included in the calculation and (ii) the average employee costs are calculated based on FTE

¹³ The pay-ratio is calculated as the total accounting costs of remuneration for each of the Management Board members expressed as a multiple of the average overall employee benefit and contractor expenses for a given year (excluding employees working for non consolidated JVs and associates).

rather than headcount. The average total employee and contractor costs per FTE in 2021 was EUR103 thousand.

The pay-ratio's of each of the Management Board members over 2021 and 2020 are displayed in the following graph (whereas also for 2020 the new calculation method was applied).
